Student decrease seen in Dist. 34

Enrollment in the Antioch Grade School District is the lowest it has been in years, and that means a better teacher-student ratio.

According to Dr. Donald Skidmore, district superintendent, total enrollment is 1,526, or 42 students less than the 1982-83 school year.

In grades one to five the ratio of pupils to teachers is 22.9 students per regular teacher. However, classes vary in size from a low of 17 to a high of 30.

At Antioch Upper Grade School the

average is slightly greater than 26 students per academic class.

Despite the decrease in enrollment, the school district had to hire another second grade teacher at Antioch Lower Grade School. Skidmore said anticipated second grade enrollment was 55, but 65 students actually enrolled.

The hiring of that teacher, plus another teacher and part-time psychologist and part-time nurse are part of the reason for an 8.1 increase in the 1983-84 district budget. Salary increases also caused an increase, Skidmore said.

The 1983-84 budget is \$3,934,975.27 compared to last year's budget of \$3,628,266.49. However, the tax levy is down six cents per \$100 of equalized assessed valuation. The tax rate for the coming year will be \$2.39.

Peddlers need license

The Antioch Village Board just passed an ordinance requiring itinerant merchants to pay a \$50 per day license fee for selling inside the village limits without a permanent location.

The license must be applied for at the village hall three days in advance of the planned marketing date.

Not only does this move prompt by fairness to the established businesses in the village, but the licensing fee will bring money into the village coffers in lieu of the sales tax that would have been collected if the sale had been made by a permanent business.

After the license is issued, all salespeople will be required to have a photograph taken, they will be fingerprinted and will have a police check made on them.

If they pass the police check they will be issued an identification card.

These moves will hopefully discourage any rip-off artists from trying to peddle their wares to village residents.

The time and trouble involved will also hopefully discourage many would-be peddlers from bothering village residents.

Energy seminar topic

The Antioch Chamber of Commerce and Industry will host an on-going seminar for the public on Tuesday, Oct. 25 at noon at the Tower Room in Antioch.

William Griffin, marketing representative for Commonwealth Edison, Waukegan, will present, "The Switch Is On: Power For Tomorrow's Economy," addressing all phases of energy conservation.

'Oklahoma' hits big

"Oklahoma" has long been known as one of Rodgers and Hammerstein's best musicals. PM&L Director Donna Badtke and her well-chosen cast certainly do it justice with one of the theater group's best productions to date.

Lori Ferguson is a great Aunt Eller with Rosaline Trusky and Mark Badtke doing a job with the lead roles good enough for Hollywood, as their fine voices blend superbly in the roles of Laurie and Curly.

Reggie Lightfoot's use of an infectious laugh while playing Gertie made that a character to remember, as was Mark Heller's Ali Hakim, an excellent example of show stealing, with the type of fine performance one has come to expect of Heller.

I never dreamed there was so much local talent waiting for recognition out there!

Newcomer Nancy Lamb's interpretation of Ado Annie was a terrific debut. And she has a fantastic voice to boot!

I'm almost running out of gold stars, but I can't forget Tom Hausman and Peter Thelen, PM&L vets that came through with flying colors as Andrew Carnes and Judd Fry. When Fry died, I found myself sighing in relief. What a performance!

More stars for the great supporting performances of Bill Baum, Steve Beno and Sander Sundberg.

And H. Dennis Gullion had me really believing he was a cowboy.

What more can I say but great dancing and plaudits to both the male and female choruses that kept my foot tapping to the music.

Of course the production staff, the people behind the scenes, deserves as many accolades as those who stole the footlights.

Director, set designer and choreographer, Donna Badtke; stage manager, Elmarie Beno; pianist, Lynn Ebert; music director, Chris Lindberg; and all the staff involved, get an "A" for effort and result.

Murder try hearing set for Sept. 27

Robert Ruggles, 48, an Antioch electrical contractor, will have a preliminary hearing on charges of the attempted murder of his son-in-law, John Misk, Antioch, in front of Lake County Judge George Pease, on Tuesday, Sept. 27, before being bound over to the grand jury for indictment.

Ruggles allegedly shot Misk several times in the chest, at Misk's home in Antioch, on Tuesday, August 23, because of marital problems Misk and his wife, Mary, Ruggles' daughter, reportedly caused between himself and his wife.

Good news in The News

Back to school

"Back To School" night for parents at Antioch Community High School is planned for Tuesday, Oct. 4, at 7:30 p.m. The event is sponsored jointly by the Parent Teacher Club and the school.

After a short orientation session in the commons, parents will follow their students' schedule through a typical school day. Periods will be shortened to five minutes for parents to meet briefly with teachers.

Following the completion of the classes, parents and teachers will return to the commons for a social hour with refreshments.

Soccer kick

The Antioch soccer teams traveled to Bensenville to play Fenton High School. Fenton beat Antioch in a tough varsity game, 4-1. With outstanding play by Jim Wais, Antioch kept Fenton on their half of the field for a great portion of the game.

Chuck Hamlin came in at wing and scored Antioch's only goal. As a whole Antioch is playing better both offensively and defensively.

Antioch's frosh/soph team was lead by Jim Schettino's outstanding play. Antioch tied Fenton 1-1.

Zerbe, former Quaker VP dies

Funeral services were held in Milwaukee for the Rev. Hugo C. Zerbe, formerly a vice president of Quaker Industries, Antioch.

The Rev. Zerbe, 62, also was executive director of the Countryside Hospital Assn., an organization that attempted to establish a west Lake County hospital in the early 1960's. The association had offices in Lake Villa.

Tack a pair of spools close together on a wall to make a broom or tennis-racket holder.

The clergyman had an extensive career in business before becoming an ordained minister in 1957. He served Quaker at plants in Kenosha and Antioch, and also as the firm's head of west coast operations in Oregon.

Rev. Zerbe became ill Sept. 10 while he and his wife, Terese, were visiting relatives in St. Louis. He died in a St. Louis hospital Sept. 13. Services were Sept. 17.

Among other survivors are his mother, a Milwaukee resident; three daughters, Mrs. Carol (David) Thomas of Lake Zurich, Ruth Brooke of St. Louis and Shirley Tucholl of California; four grandchildren; a sister,

Ruth Steffensrud of Milwaukee and a brother Reuben of California.

Contributions can be made to a memorial established in his honor at Chapel in the Woods, Wauconda, which he established two years ago.

Wedding

Mr. and Mrs. Robert Karczewski

Denise Burris, Antioch and Robert Karczewski, Lake Villa, were married July 9 at Prince of Peace Church.

The bride is the daughter of Mr. and Mrs. William Burris. Parents of the groom are Mr. and Mrs. T. Karczewski, Lake Villa.

Kathy Burris, sister of the bride, and Thomas Karczewski, brother of the groom, were honor attendants.

A reception was held at the home of the groom's parents.

Both are graduates of Antioch Community High School. The bride works for Columbus Cycle, Libertyville. The groom works for Lake Villa Township Park.

They are living in Camp Lake Gardens, Wis.

Shorten hours at STATS

St. Therese Hospital has announced a temporary shortening of its hours at the Lake Villa satellite, 37809 N. Rte. 59 (just south of Grand Ave.) in Lake Villa. Many people are still unaware of the change.

A hospital spokesperson indicated that until further notice, the facility would be open 16 hours daily from 8 a.m. to midnight. The satellite had previously been open 24 hours a day.

According to Sister Maryann, S.Sp.S., president of the hospital, the action was taken to combat economic constraints facing all health care providers and was a last resort. She emphasizes that it in no way lessens the commitment of the Hospital to serve the residents of western Lake County, and should not be construed as such.

"Contrary to rumor," she said, "this is not the forerunner of our intent to close the facility. We are there because we recognized the need in the first place, but the combination of the lack of patients during the hours of midnight to 8 a.m. and economic conditions...forced us to take steps we hope will be temporary."

The hospital suggests that anyone involved in an emergency or in need of assistance during the period from midnight to 8 a.m. should call the 911 number for emergency assistance.

When I think about it

Can't pay utility bills? Punt or go on welfare

by GLORIA DAVIS

Well I've been pondering and pondering on ways to make my future financial position more solvent.

With predictions that utility bills will double by 1985 staring me in the face, I'm trying to figure out how my husband and I are going to be able to afford to live in our big old house during the January of 1985.

If that January's weather is anything like the January of 1982, we're in big trouble. Our gas bill that month was in the \$300 area and if I remember rightly I almost froze to death while watching tv.

Now we've done all that extra insulation bit but last year, even with milder weather, it still cost us well over \$200 to fight midnight frostbite.

The electric bill seems to average \$60 and the phone bill about \$100 per month.

That would mean that in January 1985, our utility bills could conceivably be \$720, or about three times our mortgage payment. Add that to the other costs, and it'll cost us over \$1,000 (That's without property taxes figured in.) just to have the comforts of home that month.

Okay, okay, we could shut the heat off in all the rooms except the necessary ones. We will have to heat one bathroom, no way am I bathing in ice cubes.

Then there's the kitchen. We could heat that with the oven door open but they now claim that that's unsafe, besides my oven hasn't worked in four years and the high utility bills have made it impossible for us to buy a new one.

And I have to have some heat in the bedroom since my blood stops flowing when I sleep. I've tried sleeping like those other cold blooded animals, vampire bats, but gravity keeps pulling me down from the ceiling.

Blankets are fine, but I still haven't learned to sleep with my head buried in them and I wake up with a clogged head and a frozen nose when I sleep in "healthy" frigidity.

Of course we could build a fire in our livingroom fireplace but our insurance company might look askance at that plan since it's not the real thing.

My microwave works, but not when the door's open, and besides radiation burns are not the ideal way of staying warm.

In my case, shutting off the lights and using candles would probably also prove more costly than utilizing the electricity since my propensity for falling asleep and my aging eyes make living in candlelight about as dangerous as building that fire.

With the forecast ratio being what it is, if I reduced my phone to one, which would have to be the bedroom one since that is the only room that has a phone in that will be heated, and made only the calls I deem necessary for me, doubled, my phone bill would still be in the \$80 category.

I guess the only answer is for us to declare bankruptcy and go on welfare, then our problem would be turned over to the county, state, feds, and all the taxpayers.

That might be the solution because welfare wages will certainly not enable me to pay property taxes and we'll lose the house and all our problems will be solved.

Along the way with ANNIE MAE

The Biel family is fast becoming the Barrymore family of Antioch. Besides the award winning performance at the PM&L Theater by mother, Aileen Biel, plus all her other behind stage efforts that have been important mainstays for PM&L for many years, daughter Jennifer just received the award as the best actress of last season for her many faceted portrayal in "Stop The World I Want To Get Off."

Papa Paul has done his bit on PM&L's boards as have other family members.

And now son Andrew will emote in Eastern Illinois University's Theater in "You Can't Take It With You," on Friday, Sept. 30.

I hear that the "A K-Mart is coming to town" vibes are twanging again.

Anxious to hear Lt. Tom Fisher's annual "big one that got away," story, now that he's back from his fishing trip.

Glad to see that Esther Aiani has been rewarded for her 25 years of service to the area's senior citizens. All those hours of work spent on building up the local AARP Chapter, and all the work she has done for the elderly on a national level can not be measured by the plaque and pin she received, but the acclaim is well deserved.

Annie Mae made some good shoe buys at the VFW rummage sale last Thursday. Who would have thought they'd have high button shoes in my size!

Happy Anniversary wishes to Marge and Don Gaa and Happy Birthday to Dan Sterbenz.

Honor Aiani for her 25 AARP years

Esther Aiani, of Antioch, Illinois assistant state director of the American Assn. of Retired Persons, has returned from South Bend, Ind., where she was honored and was presented with a special plaque in appreciation of her leadership and service in the American Ass. of Retired Persons (AARP).

"To Serve, Not To Be Served" is the motto of AARP, which this year is celebrating its 25th anniversary.

She is an appointed officer

of the 14-million member AARP, the nation's largest organization dedicated to helping older Americans to achieve independence, dignity and purpose in retirement life.

The goals, needs, accomplishments and potential of older Americans, the fastest growing segment of the population, are demanding attention from policy makers.

Participants at the Area V Leadership Meeting came

from five states — Illinois, Indiana, Ohio, Michigan and Wisconsin — where the total membership in AARP tops two million.

The non-profit, non-governmental and non-partisan organization is founded on the belief that creative is ageless. The organization provides per-

sons with the opportunity to work together voluntarily in community service activities, social change and self development.

"Two Anniversaries to Celebrate" was the topic of the guest speaker, John T. Denning, of Clinton, North Carolina, AARP National vice-president, who spoke of

the 25th anniversary celebration of the founding of AARP and of the 100th anniversary celebration of the birth of Dr. Ethel Percy Andrus, educator and founder of AARP.

AARP speakers from Washington, D.C. included William Hepfinger, associate director, AARP

Program and Field Services Division; Annette Flaherty, assistant coordinator, field services; Leon Harper, AARP consultant; Anne Harvey, program department head; James Ford, Area V legislative representative, and Jane Johnston, leadership development specialist.

Women to attend lunch program

The Antioch Woman's Club will hold its opening luncheon and guest day on Monday, Oct. 3 at Maravellas in Fox Lake at noon.

Members and guests will hear "Kari Howard Presents Fanny, Ethel, Mary and Frieda," about Broadway musical stars and songs. Howard will be accompanied by pianist Bob Mareen.

As a singer with the vocal quintette, "The Ivy Five," Howard was an opening act

for Bob Hope, Andy Williams and Phyllis Diller. She has toured with USO shows and appeared on the stage in "Man of La Mancha," "Sound of Music," and "Bye, Bye Birdie."

She has also worked on commercials and industrial films and shows.

Reservations should be made with Janet Brook or Margaret Martin no later than Friday, Sept. 30.

Center to supply surplus foods

The Antioch Senior Center will distribute surplus cheese, flour, honey and dried milk to persons 60 years old or older on Wednesday, Sept. 28.

Distribution will be made from 9 a.m. to 3 p.m. Food

will only be distributed to those seniors who have applied for a distribution card and meet the eligibility requirements. One person's allotted monthly income to qualify is \$488, for two people the income limit is \$648.

Sequoits make it 3-0, rip Fenton

ANTIOCH VIKES WIN — Antioch Viking Seniors beat Waukegan, 37-0. Shown is Brendan Hannigan, 33, on hard run for Antioch. — Photo by Steve Young.

The Antioch Sequoit varsity football 11 keeps looking better and better in their new beth in the North Suburban Conference as they made it three out of three by smashing Fenton, 34-6, at Bensonville on Saturday, Sept. 24.

They were led by Quarterback John Humphreys who passed to his favorite target, Brian Becker, for Antioch's first two touchdowns, the first one coming after a 50 yard drive.

With the score 6-0, Fenton almost immediately tied it up with a successful 89 yard run.

Then Sequoit's Ray Rugebregt intercepted a

Bison pass to set up the Sequoit's second touchdown.

In the second quarter the Sequoits made a safety credited to Andy Lehn for two points, making the score 14-6.

Humphreys passed to Rod

Steiskal for a 16 yard touchdown. Humphreys kick was good, making the score 21-6 at half time.

In the third, John Mahar scored on a two yard run and the final score came on a pass from Humphreys to

Becker for a 19 yard touchdown.

The Sequoits will host North Chicago on Wednesday, Sept. 28, at 4 p.m., and Jacobs, Algonquin, at 4 p.m., on Saturday, Oct. 1, in a non-conference play.

Ask Dr. Sven
by Robert T. Sven B.S.D.D.S.

DISCOLORED TEETH

Question: Can anything be done about grey-color teeth?

Answer: Unfortunately, not much! Infection-fighting antibiotics given to children when primary or secondary teeth are forming in the gums combine with calcium and are quickly incorporated in the dentine, the bone-like core of the tooth directly below the enamel. This shows through the thin enamel and produces a stain—tints of grey, yellow, brown or black. These antibiotics, primarily tetracyclines, have many different trade names.

There is no simple treatment for teeth discolored in this way, but researchers are working on finding one. External bleaching has been used; it works fairly well with teeth discolored from other causes, and does help the yellow and brown tetracycline stains. The grey and black stains resist bleaching. Also, stains sometimes return. Plastic materials bonded to the teeth have helped to mask discoloration, but the coating wears off and must be reapplied. Capping can be done for those over age 21, but this is a drastic treatment.

A windfall will soon be blowing your way.

When autumn winds blow

and leaves begin to fall, something nice will happen at last. The summer of '83 will be over.

The record heat and humidity. The record demand for electricity, even with some of our biggest industrial customers down for vacation and our largest stopped by a strike.

It pushed every generator we own to the limit, including the nuclear unit we only finished this year. Not just for a day or two, for days on end.

But nobody had to go without, because we had the horses.

The worst that happened was that some people had to pay a little more, because of all the air-conditioning they used. And that too is about to end.

Because as the demand for electricity goes down, the cost of making it goes down. So starting the day your meter's read after September 14, summer rates will end.

Instead of paying just under 10¢ a kilowatt-hour for the electricity you use, you'll pay just under 8¢. About 20% less.

A very nice little windfall indeed.

Commonwealth Edison

Doing things right.

And proud of it.
